Sandip Jadhav

(Software Developer)

Mobile No: 9850260032 | Address: Pune Maharashtra, 411052 | Email: sandipjadhav8432@gmail.com
LinkedIn Id: linkedin.com/in/sandip-jadhav | Git Hub: github.com/sandip-jadhao

CAREER OBJECTIVE

Want to become a developer who creates software applications and builds innovative solutions through code. For me, coding is like painting for an artist—it's a way to simplify and improve human life.

EDUCATION

Bachelor of Technology (B.Tech.) – Electronics &Tele. Engineering   **Beed**
Aditya Engineering College, Beed   CGPA: -6.65

Diploma (Cs) – Computer Engineering   **Jalna**
Government Polytechnic, Jalna   Percentage:-82%

Higher-Secondary (HSC)   **Georai, Beed**
Mahatma Phule Jr. College Georai   Percentage:- 69.54%

PROJECTS

Product Crud Application| Tech Stack: Node.js, Express.js, EJS, MySQL, AJAX, Bootstrap
   Built a full-stack Product CRUD app using Node.js, Express, MySQL, and EJS following MVC architecture. Integrated AJAX-based dynamic search, RESTful APIs, and responsive UI with Bootstrap and form validation for seamless user experience.

IoT Home Automaton
   This IoT project demonstrates creating an ESP8266-based home automation system using Cadio to control relays via the internet, with optional Google Assistant and Alexa voice control.
   It also supports manual switch control when Wi-Fi is unavailable. Learn to build a Wi-Fi-enabled appliance control system.

INTERNSHIP

Ybi Foundation:
- Completed a 1-month internship in Cloud Computing and Big Data, gaining foundational experience in cloud infrastructure, data processing, and scalable system design.
- Certified in Cloud Computing and Big Data Internship (July 2024), with exposure to cloud platforms and big data concepts.

SKILLS

- **Languages**: Core Java, SQL, Java Script, Node Js, HTML5, CSS3
- **Tools**: VS Code, Eclipse.
- **Database**: MySQL.
- **Soft Skills**: Team Management, Decision Making, collaborative.
